

## Sample Lout Document

This is a sample paragraph. It is really just intended as filler, not as anything special. I should probably put in things like “scare quotes”, and shouldn’t avoid things like apostrophes so everyone can get a better sense of how things look. Maybe a sentence with a lot of different letters? How about: grumpy wizards make toxic brew for the evil Queen and Jack. I stole that from Google web fonts.<sup>1</sup> What do you think?

Here is a new paragraph. Let’s add words in **bold** and *italics*, shall we? How about SMALL CAPS? We can even do a Shadow Box if we like.

This is a sample paragraph in a quotation display. It is really just intended as filler, not as anything special. I should probably put in things like “scare quotes”, and shouldn’t avoid things like apostrophes so everyone can get a better sense of how things look. Maybe a sentence with a lot of different letters? How about: grumpy wizards make toxic brew for the evil Queen and Jack. I stole that from Google web fonts. What do you think?

### A Numbered List

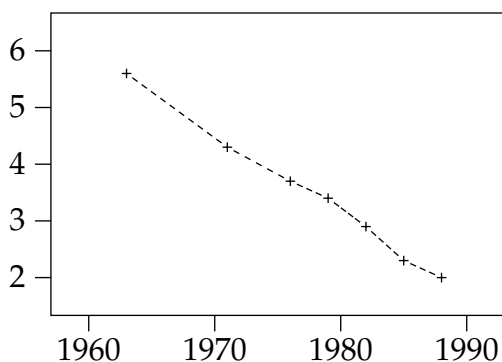

1. One
2. Two

### Displayed Mathematics

$$T(n) = \sum_{i=0}^{n-1} 2^i = 2^n - 1$$

### A Sample Graph

New South Wales road deaths  
(per 100 million vehicle km)

---

<sup>1</sup>You’ve heard of Google right?
